

CAAA Expands national footprint to Melbourne committing \$20,000,000 to Victorian firm acquisitions

Sydney– Thursday 13th February 2025

Top 50 Accounting and Advisory firm CAAA, is pleased to announce the latest milestone in its national expansion strategy, CAAA Next. CAAA welcomes ALK Accountants & Advisors in Melbourne as they join CAAA, marking the firms' first interstate expansion. ALK Managing Partner Elias Khoury has been appointed as CAAA's Victorian State Director.

This strategic expansion is a significant first step in CAAA's plan to extend its services across all major Australian cities.

"We are thrilled to be working with Elias and the team as we branch out into Melbourne, another major city marking the start of our national expansion," said Fleming Stojanovski, CEO of CAAA. "This aligns perfectly with our vision of providing holistic and premium accounting services to a broader client base. We are excited about the opportunities this collaboration will bring, what an outstanding start to our \$20,000,000 investment in Victoria"

Elias, Principal of CAAA Melbourne, echoed the enthusiasm for the new venture. *"The integration with CAAA has been seamless, and I am excited to be heading up CAAA's expansion in Victoria. This consolidation will enable us to offer our clients an extended range of services, leveraging CAAA's extensive expertise in strategic advice, audit and assurance, business services, and more. We are confident that this partnership will significantly enhance the value we provide to our clients and position us for continued growth and success."*

CAAA's expansion is motivated by its commitment to building a sustainable and enduring national accounting company that represents the interests of everyday people and business alike.

With this new-venture, CAAA reinforces its position as a key player in the Australian accounting industry, dedicated to delivering tailored solutions, specific advice, and premium service to its clients across the country.

CAAA Next is an acquisition programme designed to help Accountants retire or expand, and has been instrumental in CAAA's growth.
